~~ex~~ 7/5/78

Harold: In doing some long overdue house-cleaning, I came across some documents that I obtained from the Archives last year, apparently shortly after they became available for research. You probably have already gotten copies, but on the chance you haven't, I enclose copies of some I think will interest you.

Best,

JR

As you'll see from enclosed I have no recollection of any of these. How did you get them, by particular request or in response to a prior request, as I did not.
HM 7/9/78

7/21/78: I ordered them on 4/10/77 after receiving an undated, 10 page list of newly released documents from Archives. I enclose a copy of that list. I also enclose a copy of a letter dated 4/7/77 from you to Marion Johnson indicating that ~~kkx~~ you too received this list and ordered copies of everything on it with one exception. Whether they ever filled your order I don't know. Also note the part of your letter that I have marked in red.

Best,

HL
